INSTITUTIONAL EDITION
2026

WHO WE ARE

A Knowledge Initiative Built for Practical Impact

Green Candle Breakout connects legal literacy, financial awareness and entrepreneurship education in one structured learning platform.

The initiative is designed to make essential real-world knowledge easier to understand, easier to apply, and more relevant to students, educators, institutions and emerging entrepreneurs.

Vijay Gopal Mishra

Advocate | Founder & Educator

Professional focus: legal literacy, investor awareness & financial literacy, and entrepreneurship education.

Founder's Message

Our purpose is simple: to turn knowledge into confidence, awareness into action, and learning into meaningful social impact. When people understand their rights, manage money wisely and think entrepreneurially, they become stronger individuals - and stronger individuals build a stronger society.

PURPOSE & DIRECTION

Vision, Mission & Core Values

01

Vision

To build an aware, financially literate and entrepreneurial society through value-based education and practical empowerment.

02

Mission

- Simplify law, finance and entrepreneurship for the common learner.
- Create practical, ethical and impact-driven educational programmes.
- Support institutions and individuals with structured learning resources and training.

Knowledge

Empowering minds through structured, understandable learning.

Integrity

Responsible, values-driven and transparent educational guidance.

Practicality

Real-world concepts that can be understood and applied.

Empowerment

Building confidence, awareness and self-reliance.

Impact

Learning designed to create measurable behavioural and social value.

Nation-Building

Education with civic responsibility and long-term social purpose.

CORE LEARNING ARCHITECTURE

Three Pillars. One Integrated Platform.

01

Legal Literacy

Awareness of rights, duties, civic responsibility, cyber safety, consumer awareness, social justice and basic legal understanding.

02

Investor Awareness & Financial Literacy

Savings, budgeting, banking, investing basics, financial discipline, risk awareness, fraud awareness and responsible decision-making.

03

Entrepreneurship Education

Problem-solving, business thinking, startup awareness, MSME orientation, validation, enterprise mindset and structured entrepreneurial learning.

Why the Integration Matters

Law protects decisions. Financial literacy strengthens decisions. Entrepreneurship turns decisions into enterprise. Green Candle Breakout brings these three domains together so learners see the complete real-world picture rather than isolated subjects.

A

Awareness

Foundational concepts, orientation and context.

L

Learning

Structured workshops, courses, handbooks and guided content.

A

Action

Application, discussion, reflection, practice and institutional engagement.

PROGRAMME PORTFOLIO

What We Offer

01

Awareness Sessions

Focused expert-led sessions on legal literacy, financial literacy and entrepreneurship themes.

04

Handbooks & Knowledge Toolkits

Print-ready and digital learning resources designed for reference, revision and guided use.

02

Workshops & Masterclasses

Structured programmes for deeper understanding, activities and practical skill development.

05

Student & Youth Orientation

Programmes that build awareness, financial discipline, confidence and entrepreneurial thinking.

03

Institutional Training

Capacity-building sessions for schools, colleges, teachers, faculty groups and organisations.

06

Collaborative Educational Initiatives

Joint programmes with institutions, community organisations and awareness platforms.

Typical Delivery Formats

AUDIENCE & ENGAGEMENT

Who We Serve

School Students

Age-appropriate awareness, financial discipline and entrepreneurship orientation.

College & University Youth

Practical learning for adulthood, investing awareness, enterprise thinking and career readiness.

Teachers & Educators

Capacity-building resources and structured awareness programmes for educational settings.

Aspiring Learners & Investors

Foundational financial literacy, investor awareness, risk education and responsible learning.

Startups & MSMEs

Entrepreneurship orientation, business structure awareness and learning pathways for growth.

Institutions, NGOs & Community Groups

Collaborative awareness programmes tailored to the audience, context and learning objective.

Designed to Adapt

Each programme can be customised by audience, duration, learning level and institutional objective - from a focused awareness session to a structured multi-module learning programme.

Series

Course

Toolkit

Institutional Collaboration

Co-designed programmes aligned with the institution's learner needs, calendar and impact objectives.

Partnership

Capacity Building

Programme scope, format, duration and deliverables are finalised with the collaborating institution. Financial/investor content is educational and awareness-oriented and is not presented as personalised investment advice. Professional advice, where relevant, remains subject to applicable law and regulatory requirements.

TOWARDS A STRONGER TOMORROW

Knowledge with purpose. Awareness with responsibility. Entrepreneurship with vision.

Green Candle Breakout is building a long-term learning ecosystem where practical knowledge helps people make better decisions, become more confident learners and contribute more meaningfully to society.

“When knowledge becomes action, society moves forward.”
